ALPHA RESOURCES, LLC

ANNOUNCEMENT!

We are pleased and excited to announce the completion of our new consortium – three powerhouse manufacturers dedicated to serving a diverse market of clients looking for experience and expertise in aluminum component design, fabrication, and finishing.

If you need design assistance, consulting, extruding, CNC Machining, Laser/Water Jet, Stamping, Turning, Milling, Forming, Anodizing, or Painting – contact us, we'll take care of you.

Who is Alpha Resources?

- **In 2003, Alpha Resources, LLC was founded to offer high quality, low cost metal components - specializing in Aluminum Extrusions, Fabrication, and Custom Finishing to Original Equipment Manufacturers.**
- **Alpha is a first generation veteran & family owned manufacturer dedicated to excellence in Design Assistance, Customer Service, Product Quality, and Technical support - building relationships to support you.**
- **Fully integrated engineering support for design assistance and structural calculations including Finite Element Analysis for cost reduction.**
- **Our diverse capabilities and ample capacity service clients in a variety of markets including Lighting, Electronics, Renewable Energy, Transportation, Furniture, Material Handling, Commercial & Residential Architectural, HVAC, Medical, and Marine.**
- **Primary metals are produced using current international standards. Post processing per ASTM, Aluminum Association, and ISO-9000 standards.**
- **Certified and warranted paint application for liquid and powder coatings including Kynar 500 High Performance Fluoropolymer Coatings.**
- **Class I & II Color Anodizing, Hard Coat, and Trivalent conversion coating.**
- **Custom Packing & Assembly services.**

Philosophy for Success

- **Our philosophy for success is based on a mutually beneficial exchange of value with our customers.**
- **Listen carefully to our clients' needs - we are an extension of your business.**
- **Establish goals and objectives to balance quality, service, and cost in your support.**
- **Communicate – when you need us, we'll always respond quickly and efficiently.**
- **Never make promises we can't keep.**
- **Maintain and upgrade our processing equipment as we grow together.**
- **Meet your expectations - build our relationship base on trust and performance.**
- **Continue to educate and share our technical knowledge and new technologies with you.**
- **Manage our financials responsibly for sustained growth and support.**

Objectives

- **Offer our expertise in the design stage, process knowledge for optimum output, and manufacture of high quality metal components, fabrication and finishing at competitive prices. One Stop – One Less Worry.**
- **Provide you with operational continuity, rigid process and quality control parameters, on-time delivery, reliability, and financial stability for continuous support.**

Services

- **Manufacturing facilities located in NW Florida community of Crestview and Milton.**
- **Corporate office in Orlando, FL.**
- **Supporting Partners – Finishing Dynamics & Extal Aluminum Extrusions.**
- **Automated Mazak & Hass CNC machines up to 9 Axis, Lathes, Saws, Break Presses to 14'0" length, punching up to 60 Tons, cutting, drilling, tapping, welding, bending, and assembly.**
- **Wet & Powder Coat paint applications up to 35'.**
- **Anodizing small parts to 22'0" lineal components.**
- **Quality control to ISO-9000 standards for certification of chemical, mechanical, post processing, and finishing standards.**
- **Custom packing and logistics support.**

Strategic Advantage

- ***Service*: Quality components on time and complete.**
- ***Commitment*: Strong commitment to customer relationships through communication and integrity.**
- ***Experience*: Our core executive staff have over 75 years of collective experience in the aluminum processing industry and successful business management.**
- ***Dedication*: Alpha Resources is well capitalized, profitable, and financially stable to support all obligations to our employees, customers, and vendors.**
- ***Location*: Accessibility - servicing clients throughout North America and the Caribbean Basin.**
